

PROMOTIONAL CODE POLICY

This promotional code Policy (the “**Promotional Code Policy**”) forms an integral part of the Terms of Use applicable to the Gamevestor Website (the “**Terms**”) and supplements them.

Unless otherwise defined herein, all capitalized terms used in this Promotional Code Policy shall have the meaning assigned to them in the Terms. In the event of any inconsistency between this Promotional Code Policy and the Terms, the provisions of this Promotional Code Policy shall prevail.

For the sake of clarity:

- “You” refers to any Visitor, Member, or Project Owner using the Gamevestor Website; and
- “We”, « Us » and « Our » or “Gamevestor” refers to Gamevestor, the operator of the Gamevestor Website.

The purpose of this Promotional Code Policy is to set out the terms and conditions under which Promotional Codes, may be used on the Gamevestor Website.

By using a Promotional Code, You acknowledge and agree to be bound by this Promotional Code Policy.

SECTION 1. WHAT DO WE MEAN BY PROMOTIONAL CODE ?

A Promotional Code refers to any code, identifier, or mechanism issued or authorized by Gamevestor that grants You access to a specific benefit, advantage, or incentive.

Promotional Codes may take various forms, including but not limited to:

- a monetary credit toward an Investment or a Pledge (the « **Credit** »);
- an increased right in the revenue-sharing rights associated with your Investment (the « **Additional Return on Investment** »);
- non-financial rewards (the « **Special Reward** »); or
- other time-limited marketing incentives that shall be clearly explained to You, if any.

Each Promotional Code is subject to the conditions described herein and any additional terms communicated at the time of issuance by Gamevestor.

SECTION 2. WHAT ARE THE EFFECTS ?

2.1. The Investment or Pledge Credit

The credit indicated for the Promotional Code may be applied for an Investment or a Pledge on the Gamevestor Website, depending of the specific conditions for each Promotional Code.

For example, if You choose to invest €100 in a Project, You will only need to contribute €90, and Gamevestor will cover the remaining €10.

This contribution by Gamevestor is made through a compensation mechanism: Gamevestor credits Your Wallet with an amount equal to the Credit. **The Project Owner is not financially impacted by this incentive.**

This offer is limited to one credit per eligible Investor pursuant to the Terms, personal, non-transferable, and may not be combined with other offers unless explicitly stated.

2.2. The Additional Return on Investment

The Promotional Code may grant You, as an Investor, an Additional Return on Investment, subject to the specific conditions applicable to each Promotional Code.

When applicable, the Additional Return on Investment entitles the eligible Investor to receive a higher share of revenues that would normally result from the same Investment amount under the Terms.

Example (illustrative only): if an Investment of a given amount would normally entitle You to a certain share of revenues, the application of an Additional Return on Investment Promotional Code may increase that share by an additional amount or proportion. The exact increase and its calculation method will be specified at the time the Promotional Code is issued or applied.

The Additional Return on Investment is supported by Gamevestor, therefore the Project Owner is not financially impacted.

In practice, Gamevestor will credit to Your Wallet with such Additional Return on Investment, as and when necessary (including at each share payment or distribution), the corresponding amounts required to satisfy the Additional Return on Investment granted to eligible Investor(s).

This offer is limited to one Promotional Code per eligible Investor pursuant to the Terms, personal, non-transferable, and may not be combined with other offers unless explicitly stated.

2.3. The Special Reward

The Promotional Code may grant You a Special Reward, subject to the specific conditions applicable to each Promotional Code.

Special Rewards may include, for example, vanity items, exclusive digital content, early access benefits, or other in-game or out-of-game rewards (ex. badge Discord or Twitch, goodies, merchandizing etc.), and are primarily intended for Backers in connection with a Pledge (where applicable).

For the avoidance of doubt, a Special Reward is non-financial, does not reduce the amount of the Pledge or the price paid by the Backer, and is distinct from any Investment-related Promotional Code benefit.

A Special Reward is provided by, or under the responsibility of the Project Owner, or Gamevestor if specified under specific conditions applicable to the relevant Promotional Code. Project Owner, or Gamevestor if relevant, agree to make the Special Reward available to eligible Backers (and, where applicable, eligible Investors) who properly use a Promotional Code, under the conditions communicated at the time of issuance.

The nature, conditions, and delivery schedule of the Special Rewards are clearly indicated on the Project page of the Gamevestor Website during the Campaign.

If, pursuant to the specific terms applicable to the relevant Promotional Code Gamevestor is responsible for the Special Reward, the Project Owner shall not be responsible for, and does not guarantee, the delivery, conformity or quality of such Special Reward. Otherwise, Gamevestor shall not be responsible for, and does not guarantee, the delivery, conformity or quality of such Special Reward.

A Special Reward shall not be sold, assigned, or exchanged for cash.

This offer is limited to one Promotional Code per eligible Backer (or Investor when applicable) pursuant to the Terms, personal, non-transferable, and may not be combined with other offers unless explicitly stated.

SECTION 3. WHAT ARE THE CONDITIONS ?

3.1. Issuance and availability

Promotional Codes are issued at Gamevestor's sole discretion and may be limited in number, duration, and availability.

Unless explicitly stated otherwise, Promotional Codes:

- have no cash value;
- cannot be exchanged for cash or any other benefit;
- cannot be resold, assigned, or transferred; and
- cannot be used retroactively, applied after a transaction has been completed or once a Campaign has been closed.

A Promotional Code does not create any vested right until it has been validly applied and accepted by Gamevestor at the time of the transaction (an Investment or a Pledge).

3.2. Eligibility and use

A Promotional Code may only be used by eligible Investor and/or Backers pursuant to the Terms, and in accordance with the conditions communicated at the time of issuance (including any minimum transaction amount, eligible Games, eligible Campaigns, and validity period).

Gamevestor may require You to be logged to your Account to use a Promotional Code.

Unless explicitly stated otherwise, Promotional Codes may not be combined with other Promotional Codes, offers, discounts, or promotions.

SECTION 4. WHAT ARE THE RISKS IN CASE OF FRAUD OR MISUSE ?

Gamevestor reserves the right to cancel, refuse, suspend, or revoke any Promotional Code or related benefit where it reasonably suspects:

- fraud, misuse, abuse, or attempts to circumvent eligibility criteria (including the creation of multiple Accounts);
- a breach of this Promotional Code Policy or the Terms; or
- any unlawful or unauthorized activity.

In such cases, Gamevestor may, without liability:

- cancel the Promotional Code and/or the transaction made using it;
- remove or claw back the Promotional Code benefit; and/or
- suspend or terminate the performance of Gamevestor's Services in accordance with the Terms.

SECTION 5. WHAT IF THE CAMPAIGN IS NOT SUCCESSFUL ?

If a Promotional Code is used in connection with an Investment or Pledge in a Campaign that is not successful, the Promotional Code benefit shall not be due and will not be applied.

The Promotional Code shall not be refundable, transferable, or convertible into cash, and will not entitle You to any alternative compensation.

SECTION 6. MODIFICATION, WITHDRAWAL, SUPPORT AND ERRORS

6.1. Modification and withdrawal

Gamevestor may modify, suspend, or withdraw a Promotional Code (or a Promotional Code campaign) before it is used by You, in particular for legal, regulatory, security, fraud prevention, technical, or operational reasons.

Such changes shall not affect Promotional Codes that have already been validly applied to a transaction (an Investment or a Pledge), in accordance with the applicable conditions, to the extent authorized under the applicable laws and unless the Promotional Code has been obtained or used fraudulently or in breach of this Promotional Code Policy or the Terms.

6.2. Support

If You experience any issue applying a Promotional Code, You may contact Gamevestor support by email (support@gamevestor.co). You may be required to provide:

- the Promotional Code used;
- the relevant transaction details; and
- any information reasonably requested by Gamevestor to verify eligibility.

6.3. Manifest errors

In the event a Promotional Code is applied incorrectly due to a manifest error (including a technical bug, display error, or unintended configuration resulting in an excessive or unintended benefit), Gamevestor reserves the right to:

- correct such error;
- withdraw or cancel the Promotional Code benefit; and/or

- cancel any transaction affected by the error, to the extent permitted by applicable law.

Where a correction is possible, Gamevestor may, at its discretion, offer an alternative benefit of equivalent value or allow You to proceed with the transaction without the Promotional Code.

6.4. No liability

To the maximum extent permitted by applicable law, Gamevestor shall not be liable for any loss or damage arising out of or in connection with:

- the unavailability, suspension, modification, or withdrawal of a Promotional Code;
- the refusal or cancellation of a Promotional Code due to suspected fraud or misuse; or
- any technical malfunction preventing the use of a Promotional Code.

Nothing in this Promotional Code Policy shall exclude or limit Gamevestor's liability where such limitation is prohibited by applicable law.

6.5. Precedence

In the event of any inconsistency between this Promotional Code Policy and the Terms, this Promotional Code Policy shall prevail with respect to Promotional Codes, unless otherwise stated.
